

Bill,

I just had to write, because all of the F. B. ideas I thought of have been piling up on me. My first one is the F.B. mansions located on the map and diagramed for you. On both of the mansions, (located in Tahoe & Minnesota), you can design your own room. The one with the number one ("1") at the top is the one located in tahoe. Each mansion includes a sub-level, (rec level) a ground level and a 2cd. level (sleeping accomadtions.)

Also included is the map of wherethe aerotrain stops in the U.S.. ~~xx~~ The aerotrain stops in all the majar cities and at the two mansi ns, and the casino F.B..

The last thing included, the "Tahoe International Raceway" located on the map. Races are held 4 times a year, (major ones) The maximum capacityis 200,000, (not including infield and standing room)

That's abuot all I have for now, keep sending those rides, and map section from the F.B. land map.

Your buisness partner,
Mike Fulton

Bill,

Sorry I haven't been able to write, but I have football practice now 5 days a week. I guess I forgot to tell you that I made the football team. It just so happened that they needed Defensive backs.

The main reason I wrote was to tell you that I started an A.F.C. and N.F.C. scrapbook and after I get at least one article for each team I send it to you and let you take a look at it and maybe give some ideas and articles. I have every team in the leagues in it. After the season completely over I'm going to write a section on the superbowl.

Thanks for the two sections of the map, and the rides. I have already put them in my notebook.

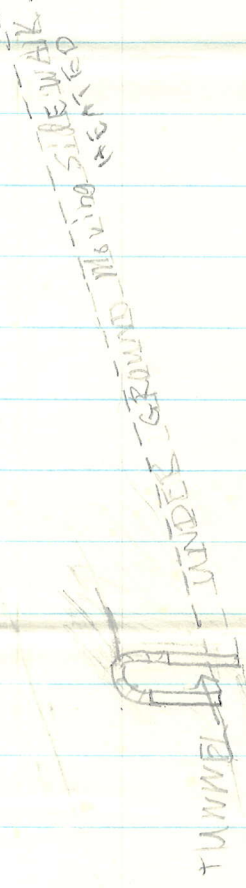

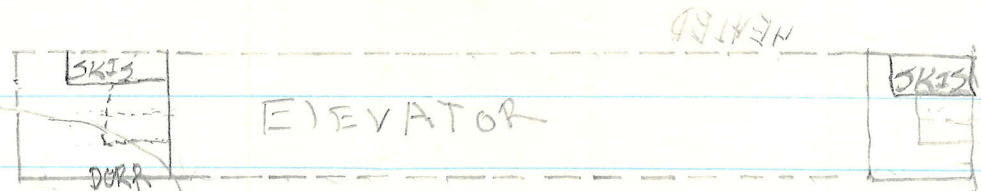

Let me know how the Indians come out. My teams record is, 2-2-0.

This year I got in Algebra because the next lowest step, (THE ONE I WAS SUPPOSED TO BE IN) has the same book I had last year. I'm satisfied with all my other classes this year. Let me know how you're doing in school this year.

SKI RESORT IN MINN/ISOTA

B:11,

I HAVE included two more ideas with this letter. THE first is the SKI slope in Minnesota. THIS has a moving sidewalk, (heated) and a Elevator to get to THE TOP. THIS will save time, and the Ride to the top won't be so cold.

THE Second idea is to move our SKI RESORT FROM Florida, to Minnesota. This is more practical because it's colder in Minnesota. (map enclosed.)

I had an idea, so that both of us can own a copy of the Rides. If every time you send a letter, you send a couple of rides, after a while we'll both own a copy. (Don't send them if they are tapped or stapled in a book)
